

PRESS RELEASE 14 FEB 2017

Nylund Group buys lighting business from aLUMEN

Oy Nylund Group Ab has acquired the lighting technology business from aLUMEN Oy. The asset deal was settled on 10 February 2017.

aLUMEN is a company operating within indoor and outdoor lighting, lighting control, and retail and industrial lighting solutions. In Finland, it is the representative of award-winning international lighting manufacturers such as LED Linear GmbH, Ansorg GmbH, Focus Lightning AS and Radiant Architectural Lightning Ltd.

Nylund is a developing Finnish family company. With several decades of experience, Nylund supplies lifecycle products and solutions for real estate and industry. The aLUMEN asset deal strengthens Nylund in the lighting technology business area.

With the asset deal, the entire lighting business RFQ and order backlog of aLUMEN is transferred to Nylund, as well as some of aLUMEN's representations. aLUMEN's owner **Mr. Markku Hämäläinen** also joins Nylund as an employee and thus enhances Nylund's competence especially with designer accounts. With Markku joining Nylund, aLUMEN's existing customer cooperation can continue smoothly and uninterrupted.

The aLUMEN company name is not transferred with the asset deal, nor is the company's Kuva-business, which specialises in TV & film lightning and movie theatre technology.
